01. EXECUTIVE OVERVIEW

Afghan Circle Trading Company is a leading Kabul-based specialized healthcare, pharmaceutical, and emergency relief supply provider. Established in 2020 by Nasratullah Qayoomi the company brings extensive expertise in medical services and procurement logistics to support healthcare providers, institutional facilities, and international humanitarian programs across Afghanistan.

We bridge the gap between reputable international manufacturers and local healthcare implementation programs, providing end-to-end support ranging from technical quotation and regulatory compliance to secure warehousing and nationwide delivery.

Our Mission

To supply certified medicines, specialized medical equipment, and high-standard health supplies that empower healthcare providers and humanitarian organizations to deliver essential services to communities in need across Afghanistan.

Our Vision

To be recognized as Afghanistan's most trusted, dependable, and compliant medical supply partner, distinguished by technical operational rigor, fair commercial terms, and direct manufacturer relationships.

02. CORE STRATEGIC PILLARS

Direct Sourcing & Distribution

Direct engagement with international manufacturers and approved regional suppliers to eliminate intermediary overhead and maintain chain-of-custody integrity.

Quality Assurance & Regulatory Care

Strict adherence to Ministry of Public Health (MoPH) standards, Good Distribution Practice (GDP), and batch/expiry documentation for all medical items.

Humanitarian Logistics

Rapid assembly and deployment of standardized emergency response kits (NFI, Hygiene, Dignity) customized to specific donor and agency project specifications.

Client-Centric Commercial Terms

Transparent pricing structures, clear supply assumptions, flexible execution schedules, and dedicated account coordination for institutional tenders.

03. TECHNICAL INFRASTRUCTURE & COLD-CHAIN LOGISTICS

Recognizing the vital importance of product efficacy, Afghan Circle Trading Company maintains controlled inventory facilities designed to safeguard pharmaceutical and medical assets:

- **Temperature-Controlled Storage:** Maintained warehousing in Kabul with active monitoring for ambient and cool-storage pharmaceuticals.
- **Cold-Chain Management:** Insulated cold-chain shipping protocols for temperature-sensitive diagnostic reagents, vaccines, and specialized injectables.
- **Batch & Expiry System:** First-Expiry, First-Out (FEFO) inventory management ensuring maximum residual shelf life upon delivery to end-user health centers.

04. REGULATORY LICENSING & LEGAL COMPLIANCE

Afghan Circle Trading Company operates in full compliance with the regulatory frameworks established by the Afghan government and national health authorities:

REGULATORY AUTHORITY	LICENSE / REG. NUMBER	APPROVED SCOPE
Afghanistan Food & Drug Authority (AFDA / MoPH)	License No: **586** Serial No: **68634**	Import & Wholesale of Medicines & Medical Equipment
Ministry of Industry & Commerce (MoIC)	License No: **68634** Reg No: **143234**	General Commercial License (LLC)
